T. Michael Testi

BlogCritics.org

“To say too much about Camp's compelling book *The Soul of a Horse: Life Lessons from the Herd* would spoil much of the beauty and simplicity of the story. The tightly-written, simply-designed chapters often read like short stories that flow from the heart, not just from the corral.”

Jack L. Kennedy

The Joplin Independent

“Joe Camp writes about horses with empathy, curiosity, and a deep regard for equine instincts and behavior. He began to question *why* horsemen used traditional methods of horse care, and pursued a more natural path to training and horsemanship. He turned his horses out, applied natural hoof care principles, and relished the new insights herd behavior gave him -- into not only horses, but into himself, too. It's a book that encourages the reader, gently, to step into the herd and learn.”

Debbie Moors

Horse & Rider

“Who should read this book? Every person who has a relationship with a horse, other animals, spouse, family, or other humans. So that includes just about everybody.”

Kelly Bowers

The Rider Magazine

“This new book is really a model for the consideration of any species we seek to understand.”

Mellissa Holbrook Pierson – Fetchdog.com

“Lately I have read a number of books that seek to explain and satisfy the human yen to connect physically, emotionally and even spiritually with the horse. And yet *The Soul of a Horse* is the only one I've come across that speaks with a totally

resounding note of truth. A delightful blend of autobiography, critical analysis and storytelling, this book engages the reader intellectually and emotionally from start to finish.”

Ysabelle Dean

Vice President - Australian Equine Barefoot Movement (AEBM) Inc

“Hundreds of other books about horses, training, and equine management have been published, but Camp's easy-to-read prose, humor, and enlightening tales bring readers to question what truly is best for the horse.”

Library Journal

“*The Soul of a Horse* is beautiful. Everyone who reads this book will laugh a little, cry a little, and think a lot; about the horse, about mankind, and about themselves.”
